

EAS-e™ Interlocking PVC Panels

OVERVIEW

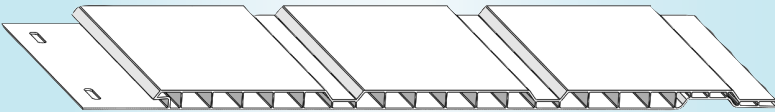

Our EAS-e™ Panels are environmentally friendly and utilize high impact-resistant exterior-grade recycled material which, we capture and process in our own facility. By using EAS-e™ Panels, you will bring your operation one step closer to sustainability.

The designs allow for versatility by offering 12" and 16" widths. We offer the EAS-e™ Original Grooved, EAS-e™ Original Smooth, EAS-e™ Reversible and EAS-e™ Goliath. These products are appropriate for many diverse applications.

Our EAS-e™ Panels feature internal wall structures that result in a high degree of strength for easy (EAS-e™) installation.
